Enter-the Frosh!

The opening of school marked the arrival of the youngest division, the Freshmen. They were off to a wonderful start with smiling faces that didn't yet show the constant worries that plague Maryknoll veterans. Eventually, though, they too were faced with all the problems that love to prey on students. But even through all the trying experiences of high school, the Class of '83 proved that they could stick to it.

Circle of Friends

Imagine going to school one morning anticipating a fun-filled day. Impossible? Not if you were one of the lucky Freshmen. The annual Frosh Field Day was full of activities. Everyone really got into the spirit of it by participating in football, soccer, tug-of-war, and the "caterpillar". By the end of the day. the Class of '83 obtained a sense of unity and became a closer "circle of friends".

Star Struck Frosh

With Acquaintance Week, a cloud of excitement tinged with nervousness descended upon the Freshmen. But once the fun started all signs of anxiety quickly disappeared. Rowdy Frosh were invited to participate in activities creatively inspired by the theme "Hollywood Stars". By the end of the week, Frosh discovered who the real stars of MHS' Acquaintance Week were...all the members of the Freshman Class of 1983!

Adorned in silver and blue, the Frosh were dazzling on stage. Their ringing voices filled Rogers Hall with enough cheer to ring in the Christmas season for everyone. Like the tinsel draped on their shoulders, the Class of '83 shone with such warmth that the audience could truly feel their Christmas aloha. Their appealing performance gave an indication of their promising future.

Sophs Make an Impression

Fresh and eager, looking for fun and excitement, the Sophomore Class of 1982 turned MHS upside down with its spunky approach to life. Sophs entered the year with bright ideas and nervous energy. This combination made them quite a handful, but as the year progressed, these traits won them respect. With hard work and enthusiasm, the super Sophs made a lasting impression on Maryknoll life.

Sophs Keep the Tradition

Thanksgiving has always been a traditional holiday at Maryknoll, and the high-spirited Sophomores continued the tradition of sharing with others. The entire division contributed to the menu, constantly suggesting and rejecting ideas. After careful planning, the many assorted foods were supplied by the class and placed into baskets. These decorative baskets were offered during the special Thanksgiving mass.

A Stocking Full of Sophs

Something happens in the month of December. It's a season when the child comes out in everyone. Members of the Class of '82 were no exception. Excited Sophomores eagerly waited for Santa's annual visit to Rogers Hall. His arrival was marked by a shower of candy, one reindeer, and squeals of delight. Sophs joined in the fun wholeheartedly and were rewarded with gifts of candy from Santa.

Spirit of '82

The Sophs made Homecoming 1980 a spirited event by participating in all the events. They wasted no time, but concentrated all their efforts in whatever they were doing. Spirit contests and the float competition were greeted with excitement. Their refreshing eagerness and sense of fun allowed the Sophomores to make the most of Homecoming.

Juniors in Motion

It has been said that a rolling stone gathers no moss. This timeless proverb describes the Class of '81 exactly. Under the motivating leadership of their division officers, the Juniors have constantly been on the move. Participating in school activities, they wasted no time in idleness. Their first few weeks were an indication of the Juniors' determination to make the '79-'80 school year one of their best.

Juniors Stack It Up

Ever heard of wall-to-wall newspapering? No? Probably because this trend was only recently discovered in selected classrooms at Maryknoll High--Junior homerooms to be exact! The idea of recycling newspapers was enthusiastically received by all. Proof of their involvement was the total amount of papers that they collected for the first delivery. It weighed in at almost two tons!

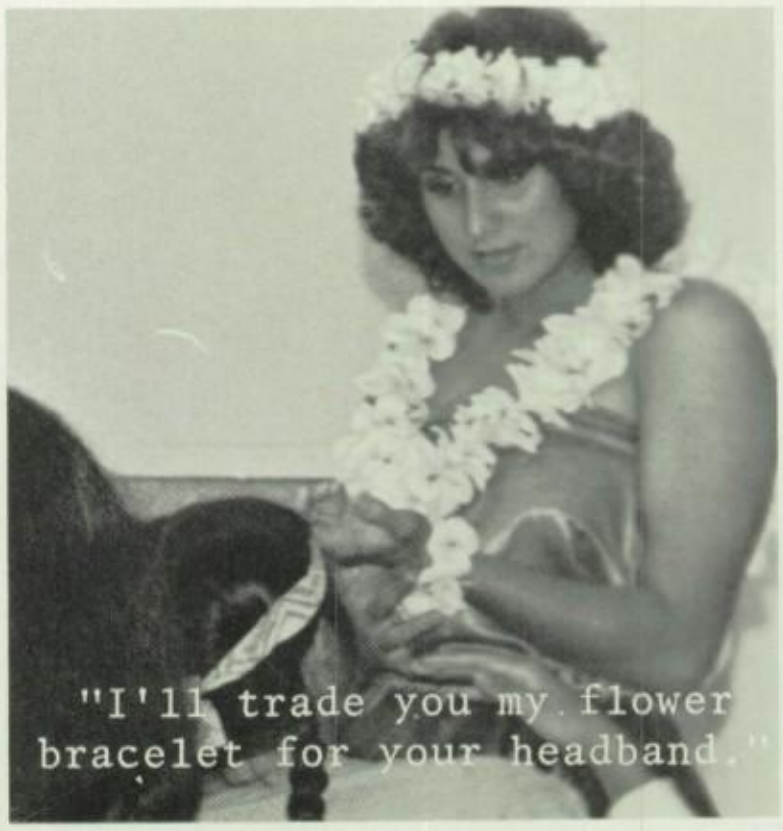
Juniors Ring Proud

With the arrival of their class rings, the Juniors were thrown into a high-spirited state of confusion. After waiting anxiously to receive them, proud Juniors couldn't wait to show them off. Their feelings of pride and excitement were shared with the rest of MHS as the traditional turning of the rings commenced. The Class of '81 accepted their rings the same way that every class before them did--with pride!

"You want to buy some oil?"



"I'll trade you my flower bracelet for your headband."

Merry Christmas to All

This year the Class of '81 celebrated the International Year of the Child. Dressed in a colorful array of costumes representing children from different countries, the Juniors festively decked the stage on the night of Christmas Aloha. They sang Christmas songs from all over the world, bringing with them a sense of kinship between all people. The Juniors truly practiced worldwide harmony that night.

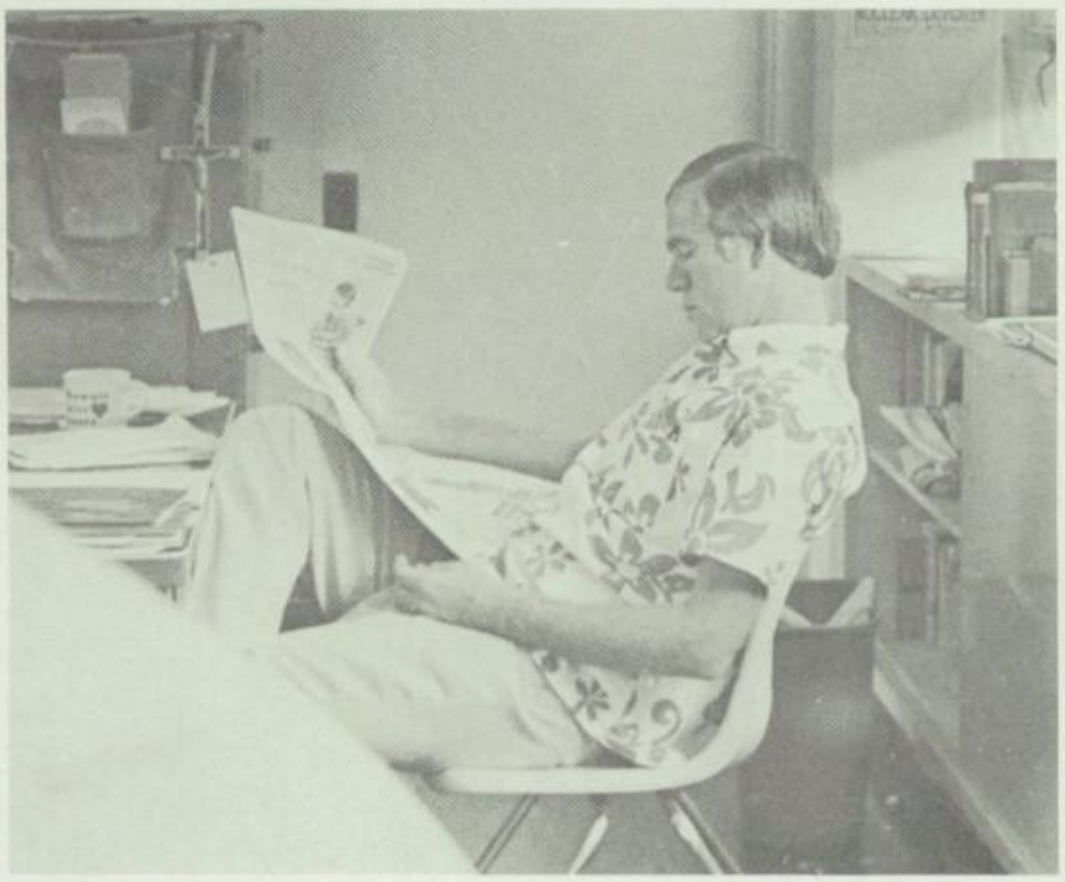
FACULTY



Faculty and Administration

HELP!!!

Did you ever have a problem, and not know what to do about it? Then suddenly you found the answer...in the smiling faces of the faculty and administration on campus. Yes, this describes the staff at Maryknoll High School who are full of concern, understanding and patience. But students not only go to the staff for problems, they go to them for friendship and companionship. That's what makes MHS so special. It's the unique relationship between the staff and the students, one of mutual respect and admiration.

Acquaintance Week

The sun was outshined as the many luminous "stars" came out to greet the Class of '83. The school echoed with shrieks of laughter as the divisions made the acquaintance of the Frosh over baby bottles, pacifiers, diapers and bibs! Once the zaniness of Acquaintance Week began NOTHING could dim the fun! Hollywood may be able to boast of having the most stars, but MHS has the brightest.

The fresh scents of newly strung leis, the hypnotic tune of the conch shell, the regal elegance of the royal court all mingled together to create the exciting atmosphere of Aloha Week. The beat of the ipu and the mystical chants echoed through the air while dancers filled the stage. They enchanted the audience with a display of hulas from the islands of the Pacific. Na Pua O Hawaii, the flowers of Hawaii, will continue to bloom endlessly. And like these blossoms, the spirit of Aloha and Ohana lives not only during the seven days of Aloha Week, but daily among the students of Maryknoll.

Ring Christmas Bells

The blending of many voices in harmony announced the arrival of Christmas Aloha. As the audience settled down to a couple of music-filled hours, participants, faculty, and parents were only too aware of the intense preparation that made these few hours possible. The dazzling performances given were the result of many long and tiresome hours of practicing. The energy the divisions put in paid off. The Senior Class of 1980 was especially full of elation, as they were crowned the winners of MHS's 1979-80 Christmas Aloha.

Shooting For The 80's

Homecoming Week

Homecoming 1980 began with a BANG! MHS students were encouraged to "Shoot for the '80's and that's exactly what they did! Armed with an inexhaustible supply of Spartan pride, participants in Homecoming defied hunger, sleep, and heaps of homework in order to be actively involved in the various events. For each division it became an opportunity to get closer as a class; and it provided every Spartan fan with the chance to express their spirit and support.

Spirit Week

The week before Homecoming was full of last minute preparations, yet fun-loving Spartans still found time to enjoy the various activities of Spirit Week. Using the Olympics as a central theme, events ranged from "Be-Your-Favorite-Athlete" Day to Greek Day. As a result, students could be seen decked in athletic garb or draped in intriguing togas. And of course, to close Spirit Week, MHS' traditional Maroon and Gold Day gave Spartans the chance to let their true colors shine through.

MHS' "Our Town"

Play

This year, MHS proudly presented its very first play. The play, "Our Town" by Thornton Wilder, was performed by students under the direction of Mrs. Sandla. The project was a smashing success--a top-notch piece of professionalism! It was the culmination of endless weeks of auditioning, learning lines, rehearsing, and polishing performances. The pride and sense of achievement felt by these young performers and Mrs. Sandla were surpassed only by the thrill and excitement experienced by their enchanted audience.

"All the world's a stage..."

That's Entertainment!

Assemblies at MHS were often the high point of student life. As students fought their daily battle against the drudgery of class assignments, English papers and term projects, school assemblies were looked upon with excitement and gratitude. Everyone heaved enormous sighs of relief mingled with joy whenever special schedule changes were announced in order to accomodate a school assembly. These programs not only helped to relieve the monatony, but also invited Spartans to enjoy, learn, and participate as well.

Images of Maryknoll High

Throughout the years, Maryknoll is the site of many strange and unusual happenings. Although people complain that one can't see the change in seasons in Hawaii, here at MHS each season brings remarkable changes to the students and the campus. Fall marked the opening of school, winter brought bright garland to campus, spring became the refuge for a swarm of Foreign Language Week bees and can-can girls, and summer was heralded by a complete overhaul of the school.

T-E-A-M! Teamwork,

Spartans, teamwork!

Running With The Pack

Determination, discipline, and teamwork were the trademarks of both the JV and Freshmen football teams this season. The Spartan turnout was the best that the Pac-Five teams have seen for a while. Maryknoll's contribution to the teams made the difference. The fighting spirit of the boys gave the Packers an added boost. Although the boys faced tough opposition, they held their ground resolutely, and accepted the challenge presented to them.

Packers Pursue Their Prey—Varsity Football

Rebounding from a mediocre season last year, the 1979-80 Packers produced a record to be proud of this year. Being possibly the best conditioned team in Packer history, the boys surpassed all expectations and fulfilled all hopes. Their tough style of play, refined talent, and never-say-die spirit made them a formidable opponent for every team they played. They made an awesome impression this season, here's to it becoming a reputation!

Varsity & JV Bowling

Maryknoll's spectacular girls' and boys' bowling teams displayed their skill and accuracy as they worked their way up to the top of the ILH ladder. As the bowling balls rolled down the alleys and the pins were set a flying, the Spartans managed to "out-strike" most of their opponents. A season of rigorous practices, resulting in aching arms, certainly paid off. Both the girls' and boys' varsity bowling teams competed in the State Championship tournament. Their spirit never wavered throughout the tournament, and the experience they gained will benefit the players in the years to come.

Varsity & JV Volleyball

Set To Explode !!

The boys' and girls' JV volleyball teams proved that they were more than able to hold their own this year. Although relatively young and inexperienced, these two teams gave their opponents stiff competition For prime examples of skill and experience in volleyball, the JV teams had to look no further than the backcourts of MHS. The Varsity volleyball teams practiced endlessly to perfect their techniques for serving and spiking and volleying. The practices paid off for both the boys' and the girls' Varsity teams as they served up a very successful season.

CROSS COUNTRY

While basketball and volleyball are definitely Maryknoll sports, it's nice to know that Spartans are making an impact in other athletic areas as well. Competing under the name of Pac-5, Maryknoll athletes continually tested their speed and endurance by running cross country and entering track and field events. They could also be seen on the balance beam, exercising control and teamwork. Maryknoll contributed members to their baseball teams too, JV, Vars A, and Vars AA.

Although MHS shared the spotlight in many of these team sports, this year Spartans cheered on the first Maryknoll paddling team. Equipped with determination and endurance, Maryknoll's boys and girls teams skimmed smoothly across the water to complete their very first season.

Future success in basketball seems assured at Maryknoll as both the J.V. and Freshmen teams enjoyed terrific seasons this year. With dedication and teamwork, the players were able to accomplish what is becoming almost a tradition for all levels of Spartan basketball. Each team captured its division championship title with records of 11 and 5 and 7 and 3 respectively.

The boys' Varsity A team proved to everyone that they too had the Spartan power. With the superb coaching of Joe Yasatake, the Spartans breezed through a very successful year.

Each player brought something special to the team--fast action dribbling, terrific hook sho shots, and fantastic l layups. The combination of these individual tal talents produced a team that left the Spartan fans bursting with pride!

The boys' AA basketball team had a spellbinding season that left their opponents breathless. That Spartan magic was certainly felt on the court, as quick reflexes and strategic plays led the team to first place in the state tournament Single A Division. Since most of the players are underclassmen, Maryknoll's outstanding basketball reputation is in no danger of dying.

Led by an exciting and highly competitive Division I team, Maryknoll girls put on an outstanding show of basketball excellence. While the Division I team was battling down to the wire against the toughest competition in the state, the Division II girls were securing their own league title. As if to show that they are ready to follow the example of the two Varsity teams, the J.V. girls had an excellent season. They learned the fundamentals of teamwork so necessary to continued success.

The 1979-80 Maryknoll Pep Squads filled the school with exuberant spirit and electrifying energy. Busting with pride, MHS cheerleaders bounded out onto the fields and courts in order to cheer on spartan athletes. They also constantly spurred Maryknoll fans to take an active role in the sports scene by attending events. Their dazzling smiles and peppy dispositions made the Maryknoll Pep Squads an indispensible and enjoyable part of the sports scene.

That was one of the many complimentary things people said after eating at the annual Booster Club Luau. As usual, the luau was fantastic! But "fantastic" isn't a word that describes just the luau. It can also be applied to the terrific members of the Booster Club. The "Boosters," consisting of alumni, parents, and friends, showered MHS with immeasurable support. Their generous gifts of time, energy, and effort kept the Spartan spirit alive during 1979-80!

ORGANIZATIONS

Making the Scene

Members of the Student Leaders Organization raised the curtain on a new scene this fall. They wrote the script of events and set the mood for the year. Students played the lead roles, but without the proper planning, the year wouldn't have been quite the success it was!

At one corner of the scene was the Discipline Board, made up of four students and five faculty members. Their purpose was to instill a sense of personal responsibility in students and maintain good order. Their time and effort paid off, creating a brighter atmosphere at MHS.

The 1979-80 Student Body Senate was the leading force in what turned out to be a year of changes. The Senate worked long hard hours during the summer evaluating the MHS constitution and making the necessary changes. These modifications improved communications not only between students and students but also students and teachers. The Senate was also responsible for the election of homeroom officers, lunch line supervision, and daily announcements.

Hawaiian Club

Living in Hawaii, we are fortunate to be surrounded by so many different and exciting cultures. However, we should also be aware and appreciative of our own unique culture. The Hawaiian Club brought to life our rich heritage and shared it with the entire student body. They were actively involved in the spectacular Aloha Week program, which was just another way of showing their Hawaiian spirit. The Hawaiian Club carried on the tradition of "aloha".

A "Slice" of Japan

Some people think that Japan is a distant and exotic place. The members of the Japanese Club took the opportunity to experience the true Japan without actually being there. With many projects to keep them busy, the members "lived" Japan. The entire school also became involved with the Japanese Club through their hot dog sales and their performance during Foreign Language Week. With the Japanese Club in residence, MHS can proudly say that it has it's own little "slice" of Japan.

Sharing Their Worlds

Spanish/German Clubs

Hawaii--the "melting pot" of the Pacific--what better place to bring together the cultures of the world? The German and Spanish Clubs took advantage of their unique location and encouraged students to explore the diverse backgrounds and customs of Spain and Germany. By giving Maryknoll students a taste of these exciting foreign cultures, the German and Spanish Clubs helped to make this blend we call Hawaii a little richer.

Liturgy Committee

Let Your Light Shine!

The feeling of being close to God is an experience that not everyone has shared. The Liturgy Committee's main purpose was to bring spiritual light into the lives of MHS students. Members tried to do this by planning school liturgies, organizing retreats, and scheduling masses for clubs and homerooms in the Upper Room. By letting their lights shine on Maryknoll's entire student body, Liturgy Committee members helped to spark other flames throughout the school.

Reach Out...

"Do a good turn for the sake of being helpful." This saying best describes the caring members of Hui Kokua. They gave of themselves unselfishly, devoting their time and energy to lending a helping hand. Members did their best to reach out to the poor and the handicapped. Among the many projects that Hui Kokua sponsored were the Halloween Candy Drive, the Christmas HARC party, and the Waianae Christmas party. With good intentions and hard work, Hui Kokua helped to make 1979-80 a little brighter for everyone involved.

Opening New Doors

This year's Assembly Committee has broadened its horizons. During the school year they concentrated their efforts on improving our school assemblies. They wanted to make the assemblies informative but at the same time entertaining. They made their debut with a career motivation talk by Andy Bumatai which kept every student roaring with laughter. This was only the beginning of the Assembly Committee's innovative handiwork.

Mechanical genius and a lot of hard work is what it took to get the microphones, speakers, and every piece of equipment set up for each assembly. The Service Club could be seen working diligently at the stage putting everything in order. Without the aid of this club, it would have been virtually impossible to put on the many productions which took place over the year. They played a vital role in making the idea of an assembly a reality.

Loud and Clear

Everyone has experienced an attack of stagefright at one time or another, and members of the Speech Club proved to be no exceptions to the rule. But the determined members fought to overcome their fright. They practiced endlessly, memorizing stories and excerpts then performing their speeches at various meets. From the entire speech experience, members of the Speech Club gained literary knowledge, tips on public speaking, and most importantly self-confidence

Working under pressure, they gained a sense of responsibility and the importance of time. Staffers also gained practical experience in writing and using graphics.

MHS In Concert

Who said the big band era was dead? At Maryknoll the love and appreciation of music lives on in the high school band. Composed of both high school and grade school students, the band met during eighth periods to practice and play. They made their debut during the annual Christmas assembly. Their performance reflected the long hours of practice and patience, proving that the spirit of music is very much alive.

Glee Club

The MHS Glee Club started the year off right on key! Their performances in Rogers Hall and at Arcadia were only the barest indications of their promising talent. As the year progressed, their self-confidence grew. This was due to the practice they put in and the positive responses they received from their audiences. Their poise and stagé presence were definitely to their advantage, as the Glee Club ended their annual run on a high note.

Maryknoll's Civil Air Patrol program has always prided itself in saying that it's been responsible for producing quite a collection of responsible young adults. This year was no exception. CAP's twenty-three members learned a lot about themselves and about working with others. Cadets also developed a sense of leadership and grew in self-respect and self-discipline. CAP helped to lay the foundations for the firm characters of mature and conscientious individuals.

Representing Maryknoll was a hard task to take on, but it was a challenge. Spirit Committee

Who was appreciated the most for making this year one of the best? The Spirit Committee!! This vivacious group generated an abundance of spirit which spread throughout the entire school. Acquaintance Week, Christmas Spirit Day, and Homecoming were just a few of the many fun-packed projects that they planned in order to get the whole student body involved. They were always ready to help break up the monotony of school work.

The Pep Club donned a new image this year. They accepted the privilege and responsibility of being a standing committee. The fun-loving members had the task of being the public relations "firm" of MHS. They promoted school spirit by selling ribbons and T-shirts and advertising events. Communicating through newspapers, posters, television and radio, they informed the student body of all school related events.

Points Add Up

Maryknoll's Math Club soared to new heights this year. Their success was due mainly to their intense preparations prior to each meet. Three times a week members met during first period. They worked out sample problems to improve their basic skills and to cultivate speed and accuracy. Although these exercises took time, they really paid off in the end--as the Math Club's rankings at the many meets proved.

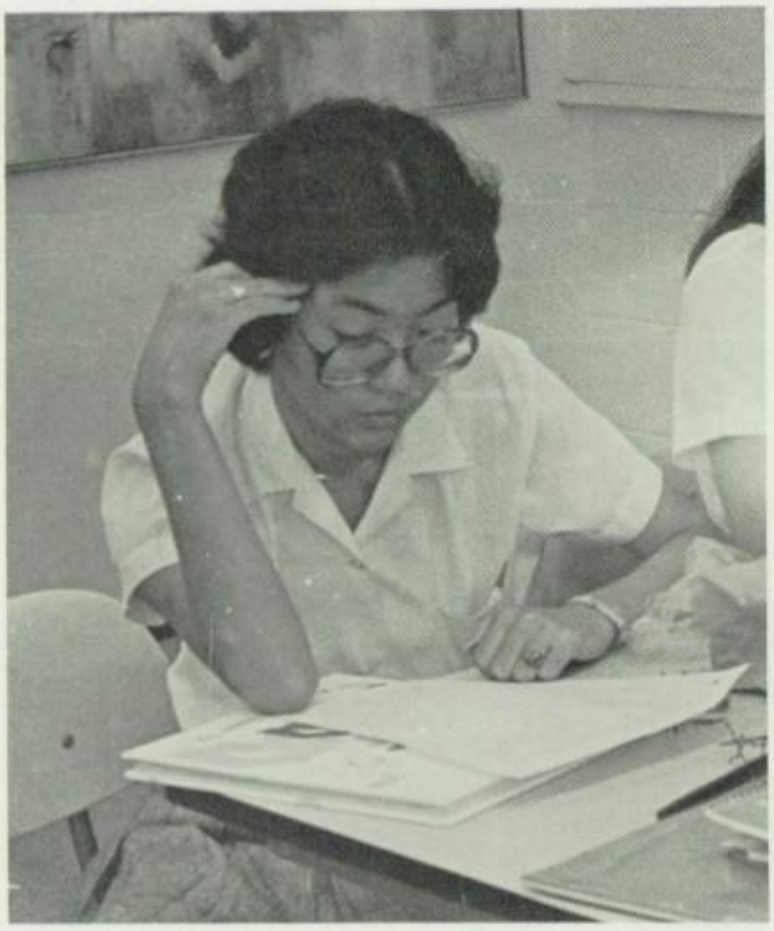
Society of Scholars

During the 1979-80 school year, the National Honor Society concentrated on extending its services to Maryknoll High School. They tried to make this year one of their most productive and started it off with a school-wide backgammon tournament. NHS was also responsible for providing scholarships to students with high academic achievements. In these ways members proved their worth as a community service club.

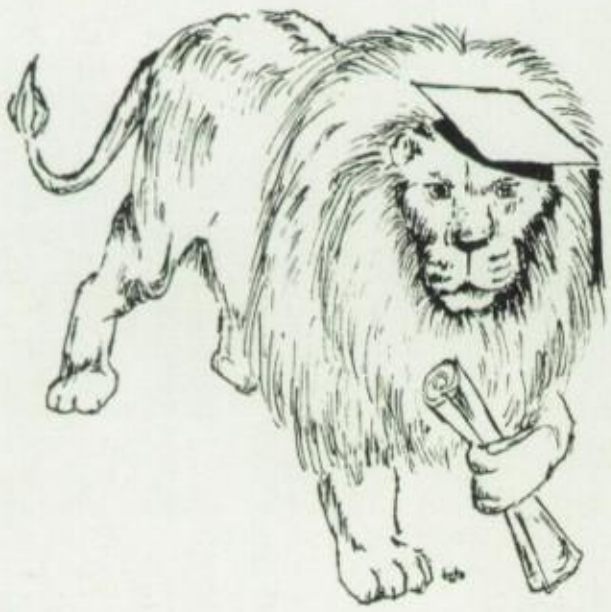
Yearbook

"...wasn't it all worth it?!"

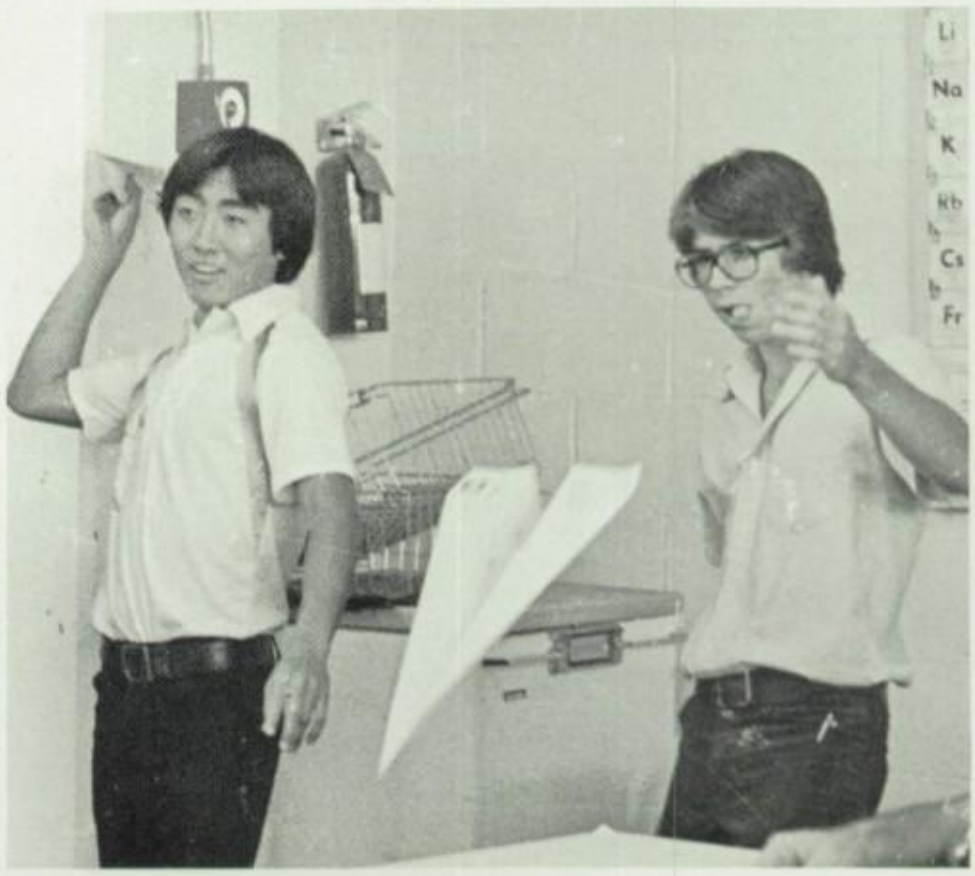


1979-80 KA MOE' UHANE STAFF: head editor Lisa Ishikawa, assistant editors Haidee Bristol and Corinne Wong, advisor Miss Ch. Lee.

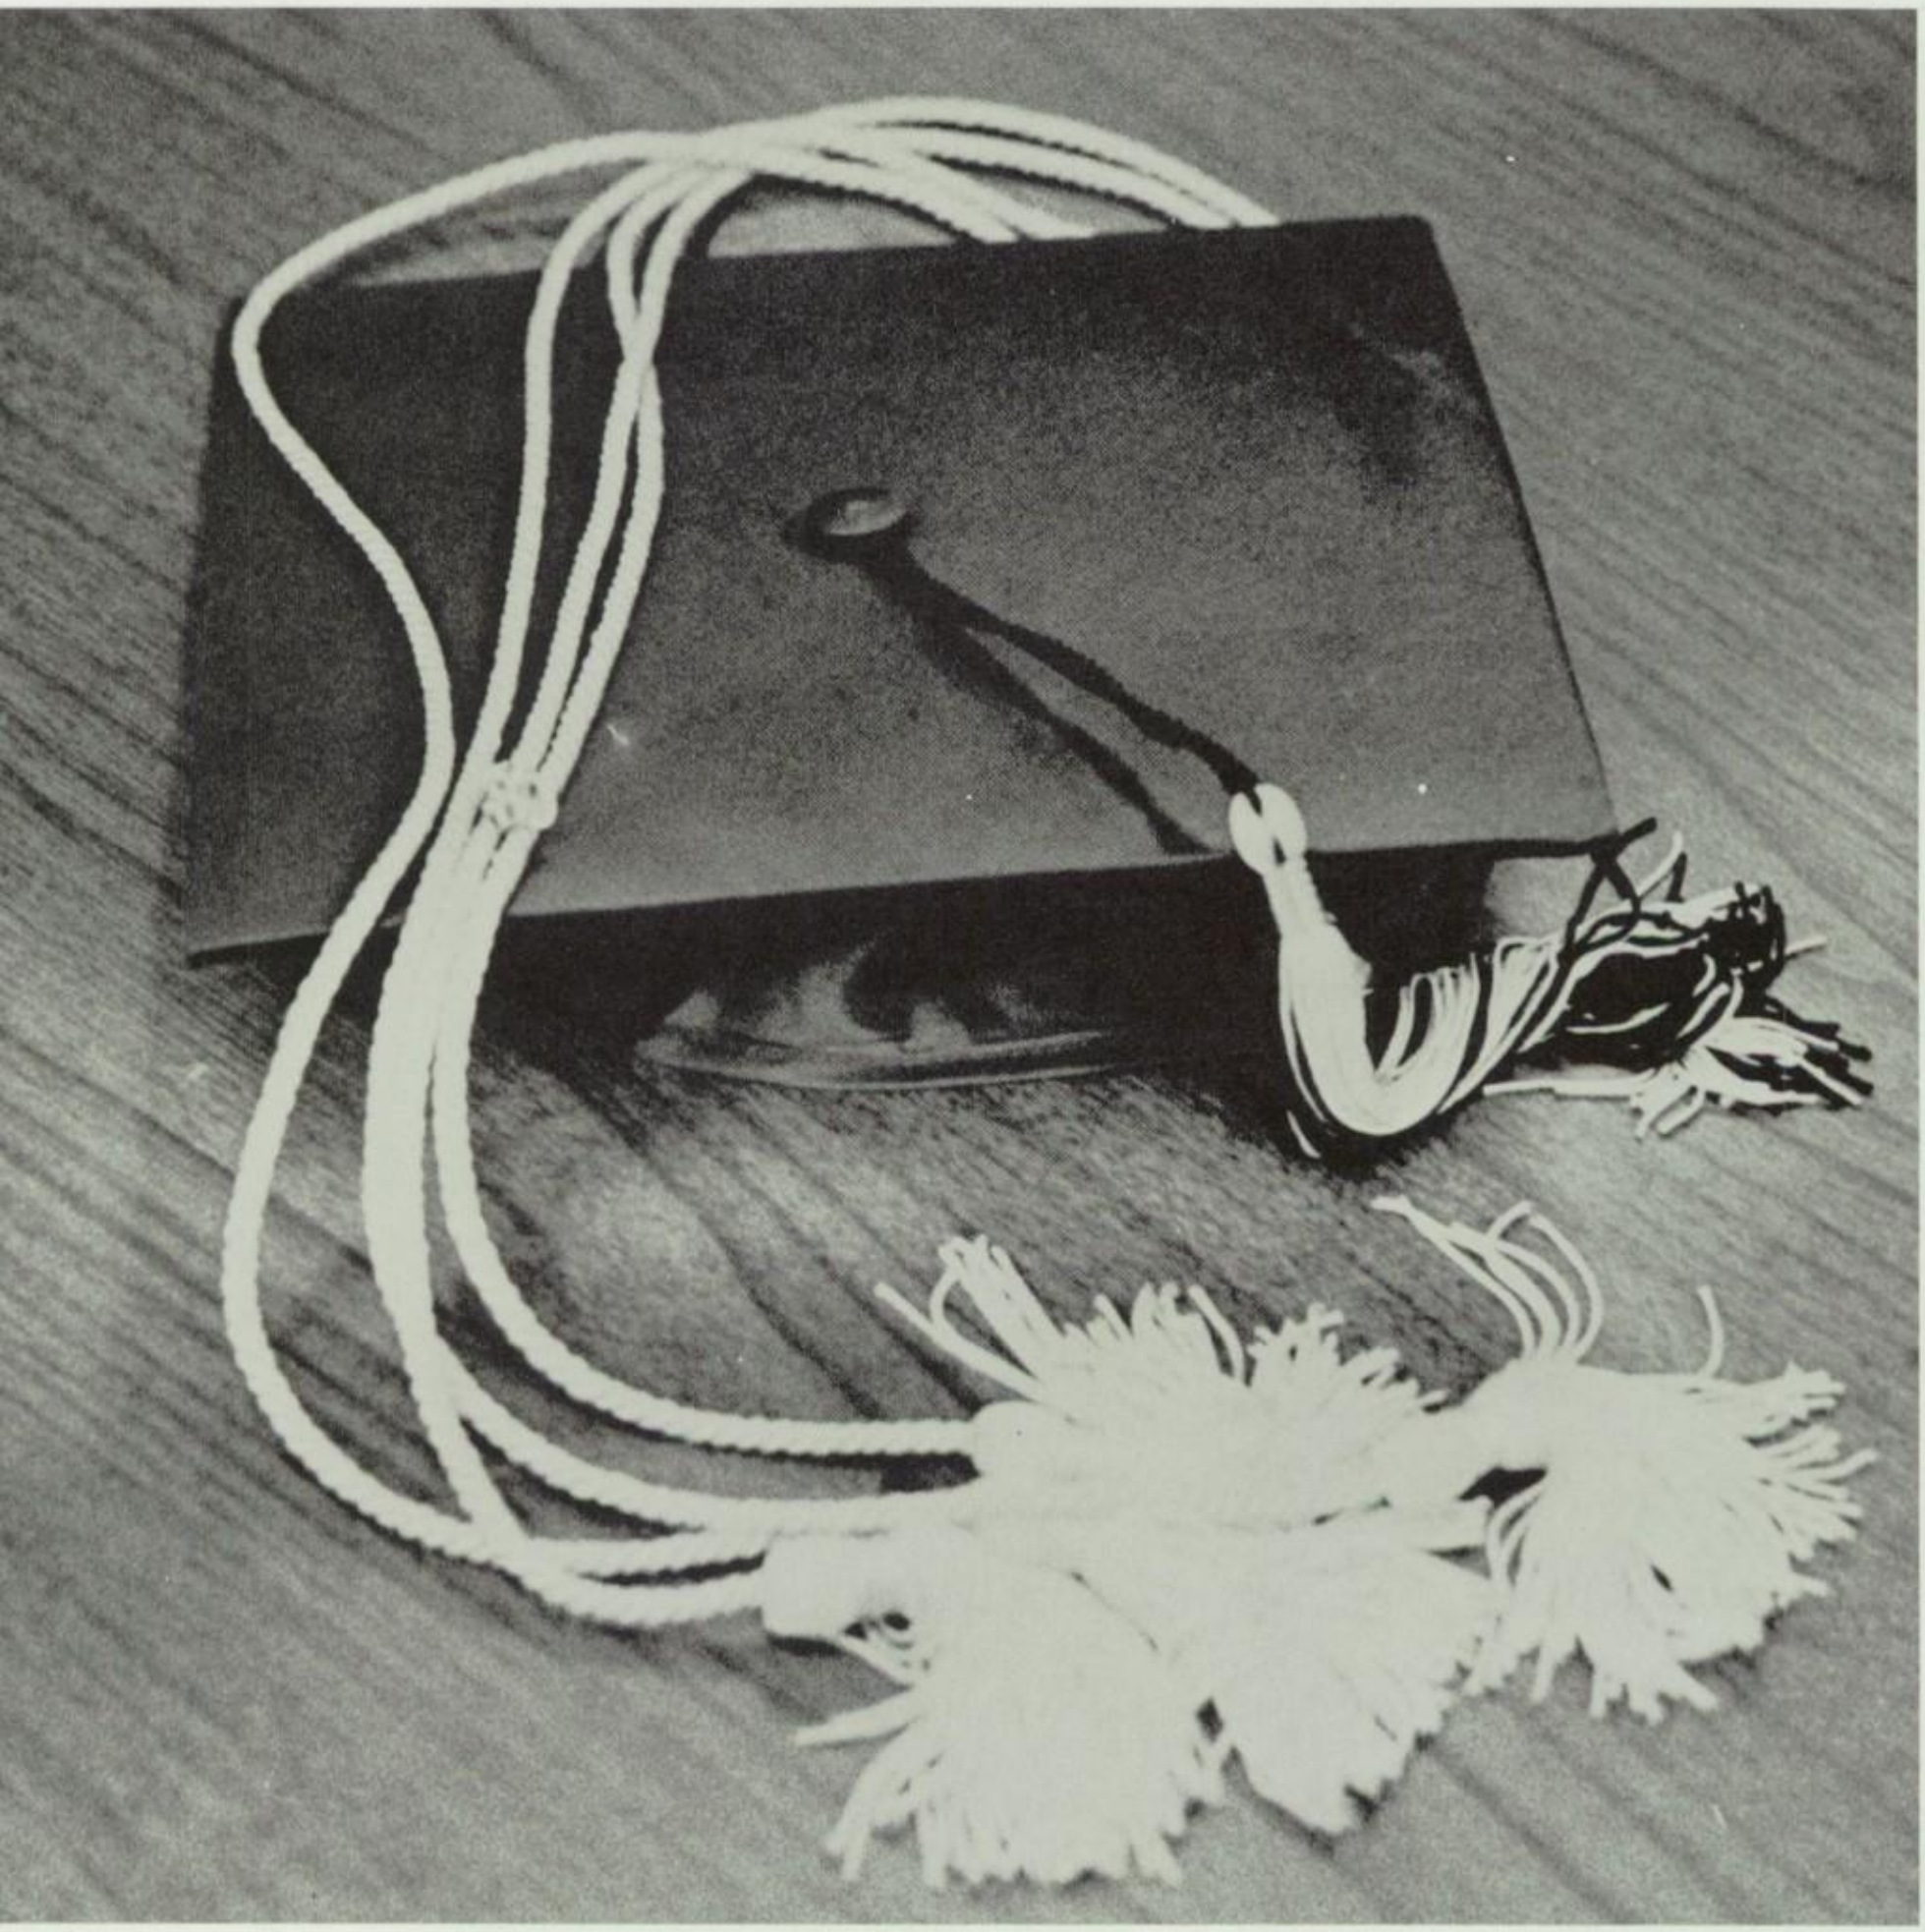
"Eat yearbook, breathe yearbook, and live yearbook!" That was the motto of the 1979-80 Ka Moe' Uhane Staff. Dedicated members of the staff discovered that yearbook was not only painstaking, unending work, but also a time to get to know new and old friends better. Yearbook meant getting a group of people together for a year to work as a unit. Many people don't realize the hardships this staff endured in order to get a yearbook out on time and still have a presentable finished product. They gained a sense of ultimate accomplishment with every little task they performed. Their deepest satisfaction and pride came, however, whenever a smile resulted from their handiwork. It's been said that a book lasts forever, but in this case, it's the feeling of friendship that grew between staffers that is timeless.



Finally, we discover that we have reached the point where Maryknoll has given us all it can. We have outgrown it and must now move on...



SENIORS 1980



If not us, then who; if not now, then when.

Donna Jamie Phillip Selena Alvin Garret Tricia Mark Rose

Michael Denise Maria Carlton Kevin Robin Yuria Robert

Four years. We've had four years together, full of learning, laughing, living, and loving. We've had four years to share the pain and excitement of growing up and to forge strong bonds based on mutual respect and friendship. Remember our freshman year? That was the year for changes, starting all over again and trying to fit in. Sophomore year ran a little smoother. We discovered all the hang outs and interesting characters that were our classmates. We started branching out, looking ahead instead of just living for the moment. And then, all too soon, we were Seniors, faced with the reality of exploring the unlimited possibilities of the future. So the four years have ended and we can't go back. But the times we've spent together, the laughter and the tears we've shared, will always remain a part of us.

"It's when our trails are ended, we most easily forget. But our friendship never ceases; our love shows no regret."

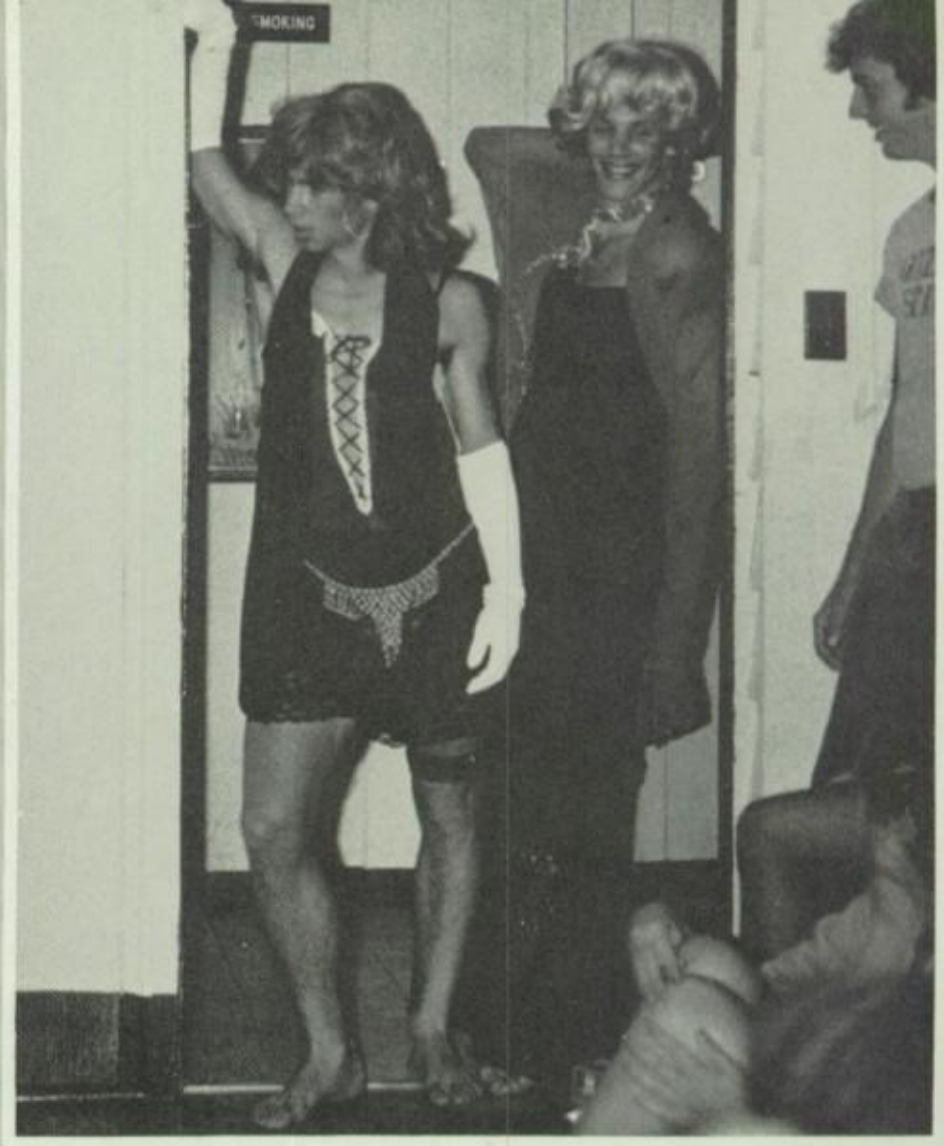
MARYHILL HIGH SCHOOL
CLASS OF 1980

WELCOME TO CAMP HAUULA 1980!

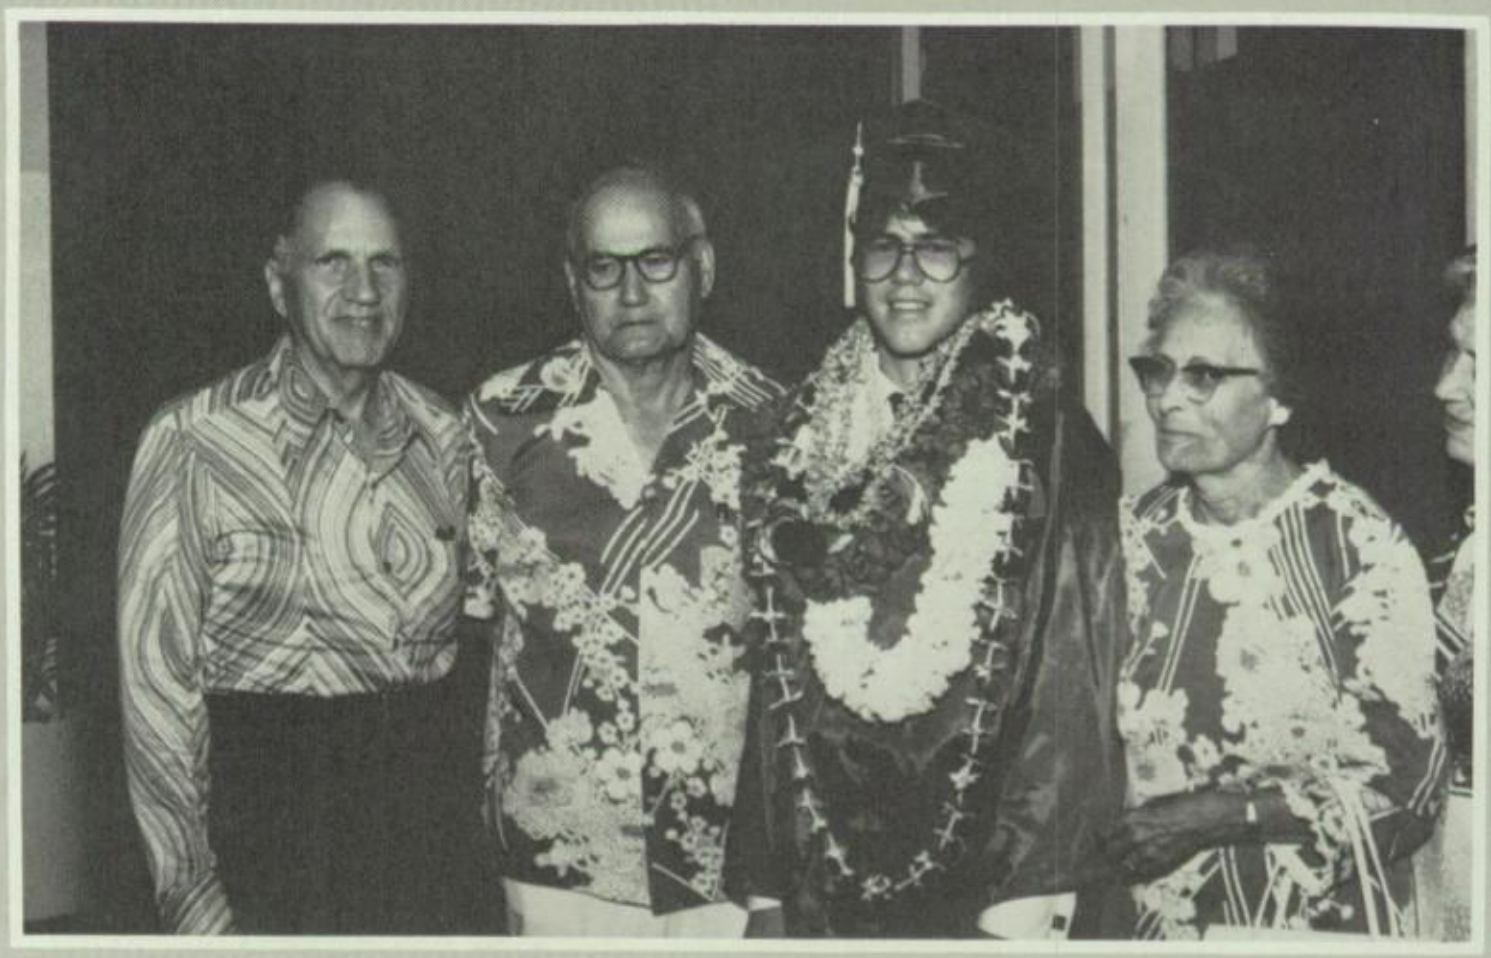
Two funfilled days and sleepless nights of shaving cream, water balloons, and sand...



From May 14 through May 16, Seniors left behind the cozy confines of MHS--along with its worries of homework, papers, and tests--to attend Senior Camp in Hauula. For some it was an ideal time to relax with friends and enjoy each other's company. But for others, it was an opportunity for revenge too good to be true! With these two basic attitudes, who could help but have fun?! Of course, shaving cream dribbled out and water balloons and sand ceased to fly for the annual Miss Hauula contest. This eagerly anticipated event marked the last night of camp, but Sr. Camp will always be remembered with reminiscent laughter and a wistful sigh.

CLASS NIGHT

May 29, 1980
"Our Night"



GRADUATION May 30, 1980

"Look Mom and Dad ... I did it!!"

As we slowly made our way through the Junior-lined aisles of Dillingham Hall, we, the members of the Class of 1980, were aware that this night would be our last time together before graduation. It was a special night, our night. Class Night 1980 was the night that we relinquished our senior status to the Juniors. Through the solemn beauty of the traditional candlelei ceremony, the transition was made.. The Class of '81 became the Senior Class of 1981, as we made our farewells. There were tears of happiness and sorrow, the sound of applause, and the scent of tuberose. And through it all, the Maryknoll flame burned brightly in every one of our hearts...as it always will.

Congratulations
to the
Class of 1980

from the
Maryknoll Parent-Teacher Guild

The Frosh Senator, DANNY DAVIES, prisoner of war--released immediately upon capture.

The Soph Senator, LIZ PRESTIDGE, the all-around jock--presently involved in an unbelievable 26 different sports. Too bad she doesn't have time to play any of them.

The Junior Senator, ANN CHANG, "The unmarried housewife"--before the guys were running after her, now they're running away from her.

The Senior Senator, NADINE LUM, she finally made it to the top--Jane Fonda, eat your heart out.

The Treasurer, PAULA WATANABE, the filthy rich widow--had to make a hard decision between her husband and his money. Guess which one?

The Secretary, DEB SHIMABUKURO, the L.A. Rams needed to fulfill their minority and height quota so they took on Debi to kill two birds with one stone.

The Vice President, FRAN CHOW, she's still the same lovable Fran and now cheering for the Dallas Cowboys except for one BIG difference.

The President, CAROL LAM, she was born a poor Chinese girl and worked her way up to the top. Now President of the U.S., here pictured in one of her better moments.

The Senate Advisor, PETER ESTOMAGO, he's always around when you need him.

Be still sad heart and cease repining
Behind the clouds the sun is shining
Thy fate is the common fate of all
Into each life some rain must fall

"Smart is believing only one-half of what you hear
Brilliant is knowing which half to believe."
Regina Madrid

I decided long ago never to walk in anyones shadow
If I fail or if I succeed at least I'll live as I believe.

CONGRATULATIONS CLASS OF 1980

Sometimes I wonder where I've been, who I am, do I fit in
Make-believing it's hard alone, out here on my own
We're always proving who we are
We're always reaching for that shining star
To guide me far and shine me home, out here on my own
